Griffith is recipient of Amos Alexander Peeff Memorial Scholarship

The Morehead State University Foundation has announced the establishment of the Amos Alexander Peeff Memorial Scholarship. Whitney Hallie Nicole Griffith of Grayson is the first recipient of the Peeff Memorial Scholarship.

Griffith is the daughter of Christopher Newman and Rachel Moore. A graduate of East Carter High School, she plans to major in space science at MSU and pursue a career as a satellite engineer.

A member of Upward Bound since 2015, Griffith was nominated for the National Academy of Future Scientists and Technologists Award of Excellence and received awards in physics and research. She was a member of the Family, Career and Community Leaders of America (FCCLA), French Honor Society, Art Club and Drama Club.

The scholarship was established by William and Fredda Moody, relatives of the Peeff family. The Moodys wanted to create the opportunity of an education for an MSU Upward Bound student to honor Peeff's memory.

Peeff was born in 1997 and moved with his family to the Flemingsburg area as a child. He attended Fleming County High School graduating in 2015 and went on to attend community college in Maysville and Jefferson County. Peeff passed away in 2016.

"The Upward Bound Program was very special to Amos," said Moody. "We wanted to do something special to honor his memory and it seemed most fitting to help Upward Bound students. It is

our hope that this scholarship will reward and encourage students who are willing to work hard and pursue their dream, whatever that dream may be.”

Jenkins, Miller recipients of KBA's Harry Barfield Scholarship

The Kentucky Broadcasters Association (KBA) has announced the recipients of its 26th annual Harry Barfield Scholarship awards program.

Morehead State University's Charles "Chas" Jenkins and Jacob Miller were among five recipients that will receive \$2,500 scholarships for the 2017-18 academic year.

Jenkins, a sophomore, is the son of Genny and Greg Jenkins of Morehead. Miller, a senior, is the son of Mike and Lori Miller of Covington.

Other winners included: Ambriehl Crutchfield of Western Kentucky University; Sam Gormley of Western Kentucky University; and Brady Trapnell of the University of Kentucky.

The scholarships are awarded through a competitive application process, which includes academic achievement, the recommendation of a faculty member, and extracurricular activities. The awards are renewable for a second year of undergraduate study provided recipients continue to meet specified criteria.

Three students who received the KBA Barfield Scholarship in 2016-17 have had their awards, also valued at \$2,500, renewed

for the 2017-18 academic year: Gil Brummett of Northern Kentucky University, Kalee Chism of WKU, and Ethan Fedele of UK.

Two other recipients from last year, Marcus Browning of WKU and Marisa Hempel of Eastern Kentucky University graduated this spring.

"The KBA is proud to be able to help these talented students pursue their higher education," said Henry Lackey, president and CEO of KBA. "This year's total of \$20,000 in scholarship awards means the KBA now has awarded a total of \$265,000 in scholarships since the inception of the program in the 1992-93 academic year. Many of these recipients have gone on to successful careers in broadcasting and other related communications fields."

The program is named in honor of Harry Barfield, the late president and chairman of WLEX-TV in Lexington.

Carl Nathe, a longtime KBA associate member, administers the program.
